# 45th Treasure Hunter Meeting Osburg / Reinsfeld

## Including the 45th Treasure-Hunting-Championship

**Camping Park Reinsfeld**  
Parkstraße 1

This image of a coin shows one of three solid gold coins which can be found and kept.

The Treasure Hunter Gathering Stüssel near Osburg, including the German Treasure Hunter Championship has been a highlight of the detectorist and treasure hunter scene for 45 years – and with international participation. We will also provide a varied programme in 2025. The German Treasure Hunter Championship (DSM) and our treasure hunter tombola are just two of the many events providing activities and entertainment for all. All the known metal-detector manufacturers will be represented at the Treasure Hunter Meeting 2025 once again. The detectors of all brands can be tried and compared on the test-field provided by Minelab. Win the newest detectors and many other prizes in our TOMBOLA, the DSM-SEEKER-CHALLENGE or the GERMAN TREASURE HUNTER CHAMPIONSHIP (DSM) 2025.

The rules for the Championship 2025 were altered so that every participant has a chance of winning a premium detector by finding an instant-prize-token. Additionally gold coins will be buried.

**We will see each other on the 30th Mai when we will once again say:**

### By friends for friends

Many regards

**Manfred, Martin, Uli and the rest of the team**
